NEXOR

ENTERPRISES

SHEQ POLICY

Nexor Enterprises (Pty) Ltd core business is Engineering and Project Services

Management of the Nexor Enterprises (Pty) Ltd accept accountability for providing and maintaining a healthy, safe, and productive working environment.

Nexor Enterprises (Pty) Ltd accept its responsibility towards its employees, clients, suppliers, the environment and community in which it functions.

Management at all levels will give top priority to the prevention of occupational injuries, illnesses, property losses, responsible environmental management and to the compliance with all related legislation within a management framework that is appropriate to the level of risk involved.

OUR COMMITMENT ENTAILS:

Compliance,

with all applicable legislation and relevant guidelines applicable to SHEQ and will implement programs, standards, and procedures to meet mutually agreed quality specifications to ensure sustainability.

Continual Improvement,

of the SHEQ system and total performance of the company through the establishment of measurable objectives and targets at all functions and levels of the company, striving to set the standard for the Inspection Industry

Minimisation,

of all risks and striving to prevent all undesired SHEQ events, striving for zero harm to people, process, property, and the environment.

Prevention of Pollution,

through awareness, recycling, correct waste separation, the safer use of chemicals/hazardous materials, employing cleaner technologies and investigation into improved control measures and applying remedial actions.

Training,

to ensure the competence of employees and contractors in terms of the SHEQ programme.

Clients,

to focus on customer needs and expectations and to obtain feedback on our performance as a basis for improvement.

Effective Management,

to ensure that the SHEQ policy is implemented, maintained, communicated and appropriate for the level of risk (Safety, health, and environment) involved. The effectiveness will be measured through a participative internal management review and external verification.

As a Condition of Work, we require that,

all our employees / contractors accept personal responsibility, accountability, and commitment to adhere to the principles of this policy.

The SHEQ Policy will be reviewed periodically to ensure compliance and continual improvement.
